The Only Astrology Book You'll Ever Need Joanna Martine

Way too basic to be "The only Astrology Book" you'll ever need. I have several other books that offer much more information and are still an easy read for a novice. Just disappointed there was so much bad generalizing, way to much importance on Sun sign, and breezed over pretty important stuff, if it mentions it at all.

The Only Astrology Book You'll Ever Need by Joanna

So this book is not the only astrology book you ll ever need, and that s not the only time the book is wrong, and wrong about itself. The author claims [t]here has never been an astrology book like this.
