Hardy T Pair of Blue Eyes Amazon de Thomas Defendant

And last, like all Hardy novels, A Pair of Blue Eyes has plenty of sex (if you can read between the lines). Hardy recognized that strongest of all drives beside the basic ones of survival, and despite what he called the Grundyism of the period, he conveyed that truth in his books. Read this book and any other by Hardy. A lifetime of pleasure awaits you. But of course that's just my opinion.

A Pair of Blue Eyes by Thomas Hardy Goodreads

A Pair of Blue Eyes' claim to fame is that it is the book that brought us the term "cliffhanger". It was first published as a serialized novel, and one of the chapters ends with a man literally dangling off the edge of a remote cliff with no trees or rope in sight as a rescue aid and his only hope the brawn of his young woman companion.
