### **The Pillars of Hercules book Wikipedia**

The Pillars of Hercules: A Grand Tour of the Mediterranean is a travelogue written by the American travel writer and novelist Paul Theroux, first published 1995. It concerns a year-and-a-half long expedition around the shoreline of the Mediterranean Sea from one of Hercules' Pillars to the other undertaken during 1993-94.

### **The Pillars of Hercules by David Constantine Goodreads**

The Pillars of Hercules is a very fun read and takes a serious stab at something I haven't really seen before and is very much up my alley. For lack of a better term: bronze-punk. What we have for at least the first two thirds is a combination alternate history and speculative technology book, set in 330 BC.

### **The Pillars of Hercules book by Paul Theroux**

I've always enjoyed Theroux's books, and this one was no exception. What I like about Theroux is that his books are not merely descriptions of the landscape or brief snippets of cities, but actually attempt to capture the journey he undertakes.

### **Delilah Dirk and the Pillars of Hercules Multiversity**

In Delilah Dirk and the Pillars of Hercules, our titular hero finds herself up against her own legendary reputation. The action comes fast and the twists come hard, yet, as always, Tony Cliff expertly controls the scenario in his expert cartooning hand.
