African American Poets Famous Black Poets

Kgositsile made extensive study of African-American literature and culture, becoming particularly interested in jazz. During the 1970s he was a central figure among African-American poets, encouraging interest in Africa as well as the practice of poetry as a performance art; Kgositsile was known for his readings in New York City jazz clubs.

The 10 best American poems Books The Guardian

Whitman reinvents American poetry in this peerless self-performance, finding cadences that seem utterly his own yet somehow keyed to the energy and rhythms of a young nation waking to its own voice and vision. He calls to every poet after him, such as Ezra Pound, who notes in "A Pact" that Whitman "broke the new wood." 2.

American poetry Wikipedia

American poetry, the poetry of the United States, arose first as efforts by colonists to add their voices to English poetry in the 17th century, well before the constitutional unification of the thirteen colonies (although before this unification, a strong oral tradition often likened to poetry existed among Native American societies).
