Poison Apples series Fanlore

Poison Apples also carries on a Pros theme that I've always enjoyed - that of the Very Dangerous Bodie. He's charming, he's handsome, he's egotistical, he's forever amusing himself (and Doyle, for that matter), but there is an underlying savagery that is best expressed when Doyle is threatened. If that side of Bodie floats your boat, you'll enjoy this story even more.

The Poison Apple series is a hit, but if this book is any indication part of its appeal is that it's about contemporary kids doing genuinely bad things.

review 1: This one is much better than the next one. I actually enjoyed this one better. I think this author knew what she was doing and it turned out to be a pretty good book, if it wasn't for one thing.
