Poland by James A Michener Goodreads

Like the heroic land that is its subject, James Michener's Poland teems with vivid events and unforgettable characters. In the sweeping span of eight tumultuous centuries, three Polish families live out their destinies and the drama of a nation in the grand tradition of a great James Michener saga.

Poland by James A Michener 1983 08 03 Amazon de James

I adore all of James Michener's books, and rate them all highly, but I think that this is his finest work. It has all the usual grandeur of his other works, but maybe because it is a history of an area about which I know so little, I find the story utterly mesmerising.

POLAND by James A Michener Kirkus Reviews

The dullest, if timeliest, history lesson yet from Michener Junior College following three Polish clans (noble, petty-noble, peasant) from 1204 A.D. to the present, but with little of the uplifting, dynastic sweep of this mechanical Michener-format at his best.
