Tess Gerritsen writes consistently good books. However, for me, the kind of good they are varies depending upon the era they come from. Presumed Guilty falls into her romantic thriller category, which is my least favourite category for her work.

### **Presumed Guilty Biteback Publishing**

A typically brave book and strident defence of the innocent in the face of a moral panic about sex abuse in our society. Notwithstanding the genuine problem that this issue is today and the real victims out there, it still cannot be a licence to destroy the reputations and lives of innocent people.
