### **Princess A True Story of Life Behind the Veil in Saudi Arabia**

Jean Sasson's book Princess on the life events of a Saudi princess gives great insights on the lives of Saudi women in the 90s. To a large extent, the book holds true to the lives of Saudi women at the time such as a lack of proper education, forced marriages, and honor killings. I haven't lived through that time, but I can easily imagine such discrimination against women.
