Guiding Principles of Psychiatric Rehabilitation

The guiding principles of psychiatric rehabilitation comprise a set of rules that can be applied to specific situations in order to achieve the goals and reflect the values of the field. In a sense, they constitute "rules of thumb" that PsyR practitioners can refer to when faced with important decisions. The principles are important tools for providing day-to-day guidance in clinical situations and for systematizing the practice of PsyR.

Psychiatric rehabilitation Wikipedia

Psychiatric rehabilitation was promulgated in the US through Boston University's Rehabilitation Research and Training Center on Psychiatric Rehabilitation led by Dr. William Anthony and Dr. Marianne Farkas, [page needed] as well as other professors and teachers such as Julie Ann Racino, Steve Murphy and Bonnie Shoultz of Syracuse University (1989-1991) who also support a generic community approach to education.
