### **Psychological Science The Mind Brain and Behavior**

This was our textbook for my intro to psych class. Decent, lots of pictures, clear, touches briefly on a whole lot of topics. The newer version isn't much different and our professor actually let us pick if we wanted to get the fourth or fifth edition. Fourth because it's cheaper! Also very easy to find the corresponding pages from the new book. However, there was one chapter in this edition that was removed in the next edition.
