Quantitative Analysis Algebra with a Business Perspective

Well, Quantitative Analysis Algebra with a Business Perspective is the next best thing. Written by an experienced mathematics teacher, this e-book is presented in tutorial fashion as if a tutor was sitting next to you . . . talking you through the examples. All you need to do is turn to whatever presentation you wish . . . without having to schedule mutual meeting times and without having to pay an hourly rate.

Quantitative Analysis Amazon com

I have found great disappointment with many Quantitative Analysis books because of their lack of explanation of sophisticated concepts. I find that either they are geared towards academics who already a Masters or PhD in the field, or they do a poor job of providing adequate explanation of foundational concepts (I guess that is to be expected from PhD's).
