Quiet Leadership About the book

In the first major book to explore what business leaders ought to know about the brain, David Rock creatively marshals an abundance of new research to coherently explain how it advances the use of mind-based brain change as the dynamic element of better leadership training. The key to the future of leadership development lies in these pages.

Quiet Leadership Six Steps to Transforming Performance at

David Rock cites new discoveries of the brain and the way we think as his foundation for Quiet Leadership. The main thrust of his Six Steps is that leaders should not tell people what to do, in fact they shouldn't even concern themselves with the details of what their people do, but rather, with the way their folks think. The way to improve behavior is by improving the way people think. The
