Book Review Cloud Atlas by David Mitchell

Cloud Atlas is a brilliant novel. It is put together with almost clockwork precision in its exploration of several themes, many of which boil down to the duality of good and evil that exists within man and mankind. You will not read another book like it, and you will be absorbed by its genius that suddenly makes an idea leap off the page with a clarity of purpose that catches you by surprise. Yet, I had a hard time finishing this book.

History Is a Nightmare The New York Times

But "Cloud Atlas" is the sort of book that makes ambition seem slightly suspect. The novel is frustrating not because it is too smart but because it is not nearly as smart as its author.

Critic Reviews for Cloud Atlas Metacritic

Cloud Atlas is pop spiritualism, comic-book grandiosity, Zen for dummies. I can't say I didn't enjoy it on some level, but it's not the level of universal wisdom the Wachowskis and Tykwer would have us be on.
