The tale of the saggy baggy elephant was one of my favorites as a child. The poor little elephant Sooki is at first an innocent carefree creature of the forest, that is until confronted by a saucy parrot who makes him feel uncomfortable in his own skin, literally. Determined to become normal, Sooki sets out encountering sly and dangerous animals around every corner. Eventually however after meeting a whole herd of saggy baggy elephants, he comes to learn that being yourself is more than enough.
