How to Write a Business Plan for a Small Business 14 Steps

To write a business plan for a small business, start by writing an executive summary that briefly outlines your business. Follow that with a company description that explains your business in more detail. You'll also want to include sections on your target customers, how your business will be structured, and what products or services you will offer. Finally, conclude your business plan with a

Simple Business Plan Template for Entrepreneurs

A corporate business plan for a large organization can be hundreds of pages long. However, for a small business, it's best to keep the plan short and concise, especially if you intend to submit it to bankers or investors. Capping your plan at 30 pages should be sufficient unless you need to include photos of products, equipment, logos, business premises or site plans, etc. Potential money
