### **Save the Cat The Last Book on Screenwriting You'll Ever**

Save the Cat! is a great book for understanding the underlying structure that must be built in order to write a good, solid screenplay. Snyder fills this How To book with great information and good examples, and it is easy enough to follow, should one want to try their hand at screenwriting. Where this book breaks down, though, it's its tone and style.

For a newbie to script writing this book takes just the right attitude. It tells everything. In a light but no-nonsense style, Snyder seems to dig right down to the bottom of his bag of tricks in order to teach me what I need/want to know.

Some people are wary of formulaic screenwriting. And this book teaches a formula. You can still write rubbish, the formula won't guarantee success of course, but it is amazing how many good films I watch follow the ideas described in this book.
