Sick by Tom Leveen Goodreads Share book

Sick was even one of my "Waiting On Wednesday" picks in July and I was dying to read it. Sick just might be my most disappointing book of 2013 by a long shot. Don't believe Sick's description at all, the marketing for this book is built on false pretenses.

Sick The Untold Story of America's Health Care Crisis and

The book traces the development of modern health insurance from the 1920's, when hospital care began to be unaffordable, to the time of the book's publication around 2007. Although this is a big topic, Sick is very readable--it explains without graphs or statistics or excessive historical detail.

Sea Sick The Book Alanna Mitchell

Sea Sick is the first book to explain how the global ocean 99 per cent of the planet's living space is undergoing vast chemical changes at the hand of man and why that matters. In a nutshell, some of the carbon dioxide we are putting into the air by burning fossil fuels is being absorbed by the ocean.

Fat Sick Nearly Dead Book Amazon de Joe Cross B cher

I usually like the book better than the movie, but in this case I really did prefer the movie. I expected more from the book--more details, more juice recipes, etc., but the book did not deliver. I WOULD suggest watching the movie.but skip the book.
