The Slow Cook Book by Heather Whinney Goodreads

The Slow Cook Book features recipes for both slow cookers and more traditional slow cooking methods. There are recipes for soups, stews, casseroles, curries, chilis, pot roasts, and even a few desserts. This is a really good cookbook. I don't use my slow cooker as much as I should, but this book has encouraged me to use it more often. I love that there are so many delicious sounding recipes to try. I made a number of them so far and each of them has turned out pretty good.
