### **David Brooks The social animal TED Talk**

Columnist David Brooks unpacks new insights into human nature from the cognitive sciences -- insights with massive implications for economics and politics as well as our own self-knowledge. In a talk full of humor, he shows how you can't hope to understand humans as separate individuals making choices based on their conscious awareness.

### **Review The Social Animal by David Brooks**

The Social Animal is a book that tries to figure out how and why success happens. David Brooks, a columnist for The New York Times , uses a wealth of current psychological research to build the lives of two composite characters, Harold and Erica, and explore why Americans do the things they do and think the way they think.
