Something Borrowed falls firmly into the category of chick lit. The premise tempted me to think that it might but bringing something new to the table, having the protagonist become the other woman and switching the more common perspective. It fails to deliver, however.

Something Borrowed Something About Him Book 2 English

Something Borrowed is the second book in the Something About Him series, but it can be read stand alone. It has a HEA ending and does not contain a cliffhanger. However, it does contain: what happens in Vegas not staying in Vegas, a borrowed sweater, a charming Aussie boy, a family wedding, Hope Springs, explicit sex scenes, and love conquering all.
