Sour Ale Beer Recipes American Homebrewers Association

Sour ales uniquely and artfully combine sour and funky characteristics with the malt and hop profile of beer. Be careful when brewing these beers, as the microorganisms that infect sour beers and cause the desired funk can attach themselves to plastic/rubber brewing equipment and infect future batches. It is highly suggested to use separate equipment for sour brews.

All about Sour beer 1 Brewie

Go light, sour beers doesn't play very well with caramel. A Berliner Weisse are 60-50% wheat and the rest pilsner. Wheat complements the sour taste so does rye. All pale or a very small colour addition works as well. Berliner Weisse is a low ABV, dry beer with an OG of about 1.030 and FG of about 1.005. The style plays well with IPAs at OG up to 1.060 or so.
