Spirit Animals Book 1 Wild Born English Edition eBook

This is a great book for young fantasy readers. The characters are well developed and the story exciting from start to finish. The four "spirit animals" were described in the first four chapters and the rest of the book builds on the relationship between the animals and their partners.

Wild Born Spirit Animals 1 Goodreads Share book

Wild Born is the first book in the series Spirit Animals. I loved this book even though there was a lack of action in the beginning. Wild Born is about four kids who summon the four fallen great beasts that lost their lives when they defeated a villain many years back. People are shocked to find that they aren't dead and that they become four 11-year-olds spirit animals and wonder why the four fallen are back. The storyline is great and I will continue to read the series.

Wild Born Spirit Animals Book 1 Book Review

The Spirit Animal series is set up for animal-loving tween readers just digging into fantasy books. The plot isn't terribly complicated, and the violence the four diverse 11-year-old characters face includes only a couple battles and talk of an evil force from the past coming back to wage war against everyone.
