The Star Wars Episode V: The Empire Strikes Back novelization, written by Donald F. Glut, is the official novelization of the film of the same title. Like other novelizations, Empire contains many scenes and details cut from the film. Original printings of the book do not bear the label "Episode V" anywhere.

The Empire Strikes Back soundtrack is one of the best. I think a large part of the success of the first two Star Wars movies is directly tied to the incredible music created for them by John Williams.
