

## [STEPHEN UNWIN PROBABILITY OF GOD](#)

## RELATED BOOK :

### **Stephen D Unwin Probability of God Religion Humor**

Does God Exist? Each side of the eternal debate has become expert at arguing away the uncertainties. Yet what if you were willing not only to confront those uncertainties, but to embrace them using the universal language of mathematical probabilities?

### **The Probability of God by Dr Stephen D Unwin**

About The Probability of God. Does God exist? This is probably the most debated question in the history of mankind. Scholars, scientists, and philosophers have spent their lifetimes trying to prove or disprove the existence of God, only to have their theories crucified by other scholars, scientists, and philosophers.

### **Probability of God by Stephen Unwin Goodreads**

When a friend asked me to read and review The Probability of God, because he knew my position on the topic (0.000000000001%), I thought I'd try to give the book a fair chance and an objective review. I give it 3 stars because it is clear, well written and semi entertaining.

### **Book Review The Probability of God by Stephen D Unwin**

Unwin gives a Bayes factor of 2, bringing us to the conclusion that in his perspective, the probability of God's existence is 67%. Now many of you (including my co-authors) are bewildered as to why I'd consider this book, and this analysis, as being relevant to the practice of statistics.

### **The Probability of God Tufts University**

The Probability of God is a wonderful yet deeply flawed book. Physicist and Risk-Analyst Stephen D. Unwin, Ph.D. uses a statistical method called Bayesian analysis to conclude that there is a 67% "probability" that God exists. The book is thought provoking and written in a witty and engaging style. I found it impossible not to like this book.
