Suffer the Children by Craig DiLouie Goodreads

Suffer the Children by Craig DiLouie is anything but your typical vampire novel, and I mean that in the best possible way. A genesis tale of sorts, I think there s a lot of life left in this literary world. I hope the author continues and makes this a series because to say that this book had me glued to the pages would be an understatement.

Suffer the Children by John Saul Goodreads

Suffer the Children reminds me a bit of the early Stephen King books. It starts with a big mystery and through the story things will get clearer, but also get a lot more disturbing. You get a clear vision of what is happening to the characters. It made me keep reading and reading. Until I got to the end (last 5 or 10 pages).

DEAD Suffer The Children Book 3 of the New DEAD series

We learn a little more about the bizarre behavior of the child zombies and it is scary as Hell, and creepy too. These books just go by so fast because you don't want to stop reading, it is always a shock when I find myself on the last page. I am ready for the next book.
