RELATED BOOK :

Summer in the City by Elizabeth Chandler Goodreads

Summer in the City is a good one, it's entertaining, fluffy, sure there isn't anything special to the story, in fact not a lot happens, but it makes you laugh out loud in certain parts and it definitely leaves you with a smile, and sometimes that's all you need.

Summer in the City book review

The dialogue is fast-paced and the book itself is not overly long, making for a light read. If Summer in the City had played up the love story and played down the work issues, this would have been fantastic chick lit. As it stands, Summer in the City is an enjoyable diversion for a warm summer day.
