The Tale of Three Trees A legend with a lesson

When reading The Tale of Three Trees a loud, it's always wise to practice reading before reading for an audience. I suggest getting in front of a mirror. If you are able, hold the book facing the audience as you read. I usually hold it near my right shoulder facing out and turn slightly towards it to read. Don't be afraid to get into the "characters" of the book. Reading a book aloud is like reading a play. Use your voice and the speed of your reading to bring the story to life.
