### **That Used to Be Us How America Fell Behind in the World**

[In *That Used to Be Us* there] are big truths, and the authors see them clearly and whole. As is usual in Mr. Friedman's work the power of the core argument is buttressed by detailed reportage and blizzards of specific fact and detail, but the accumulation of anecdote and evidence never detracts from the book's central thrust.

### **That Used to Be Us How America Fell Behind in the World**

The end of the Cold War blinded the nation to the need to address these issues seriously, and China's educational successes, industrial might, and technological prowess in many ways remind us of a time when "that used to be us." But Friedman and Mandelbaum show how America's history, when properly understood, offers a five-part formula for prosperity that will enable us to cope successfully with the challenges we face.
