I've been looking forward to reading The Abused Werewolf Rescue Group for a while now. I really enjoyed Catherine Jinks previous related story The Reformed Vampire Support Group, and was intrigued to see how she would follow it up. The Abused Werewolf Rescue Group, however, was so much more than I'd anticipated.

The Abused Werewolf Rescue Group is my attempt to explore more fully the world of werewolves, who suffer not from a contagious blood disease (like vampires) but from an inherited genetic condition. Since this condition manifests itself at puberty, I was also able to look at what happens when teenage boys start running in packs. I had fun doing that. And I enjoyed meeting up with Reuben again, as well as many of those sickly vampires who'd populated the first book.

Good werewolf stories are so hard to come by without them being either shape-shifters or totally obsessed with packs or mating, and when I heard that a story like this was coming my way I couldn't get to the first page fast enough.

The satire isn't all that's biting in this darkly comedic sequel to The Reformed Vampire Support Group (2009). Archetypically sullen and uncommunicative teen Toby is thrown for a loop after waking up the morning after a full moon naked in a nearby wildlife park.
