Patrick Lencioni's book, The Advantage: Why Organizational Health Trumps Everything Else in Business, is a departure from his typical style of leadership fables. In this book, Lencioni has created a manifesto of sorts, drawing on the major lessons, themes, and tools found in his previous works.

8 Lessons from The Advantage by Patrick Lencioni Atiim

Lencioni asked the company's CEO why his competitors didn't follow suit and choose to employ the same tactics; in response, the CEO thought for a moment and then whispered that most other leaders feel that organizational health is beneath them. Don't be one of those CEOs and commit to organizational health as a leader your team will follow this lead.

The Advantage Why Organizational Health amazon de

The Advantage is another of Patrick Lencioni's business books, yet unlike all others (that I've read) this one is not written as a business novel. Instead it is a bit more like a normal business book but then it summarizes some

of the core ideas of Lencioni's earlier books. A good idea, but in practice I didn't like the book much and much prefer the usual format for Lencioni books.
