The Anxiety and Phobia Workbook by Edmund Bourne

Since I am a physician, I have recommended this to hundreds of patients as well. I think it treats anxiety, panic and phobias in a very holistic and well rounded approach. It's easy to understand without being too simplistic. If you are willing to invest the time and energy to do what the workbook suggests, you will go a long way towards recovery. One of the best "text or workbooks" I've ever purchased.
