The Art Journal Workshop Goodreads

Bunkers, from Lawrence, truly combines journaling and the art journal concept. She actually writes, journals and then adds her type of messy art. My favorite, journaling about the not so good and then covering it up. Not to hide it or ignore it, but to get out the words and find a place to put them. A way to silence the critic. Purging the words and moving from there. A dvd with time-lapse video of about 4 pages.
