McManus demonstrates that we all carry within us the essence of an artist. We all need to create, to be part of a process that brings to the world something beautiful, good, and true in order to allow our souls to come to life. It's not only the quality of the ingredients we use to build our lives that matter but the care we bring to the process itself. Just like baking artisan bread, it's a process that's crafted over time. And God has something to say about how we craft our lives.
