The Bat novel Wikipedia

Andy Hoban of Sunday Express noted "Nesbo's principal characters are both credible and well-drawn and it is fantastic to see a younger Harry, a more loquacious Harry. The Bat explains some of what burdens and drives him in the later books. So for anyone new to Nesbo, you are in for a treat if you follow Harry's career beginning with this book.

The Bat Harry Hole Series 1 by Jo Nesbo Paperback

A good mystery with solid characters The Bat is a first rate mystery/thriller that will keep you on the edge of your seat. Most of the time. It meandered in places, but for the most part the book kept my attention and left me guessing on who the killer was. Like The Leopard, I think the author could have cut a few pages and it still would have been a good read. * I received an arc from the publisher via netgalley in exchange for an honest review.
