### **The Black Lyon Amazon de Jude Deveraux Fremdsprachige**

The Black Lyon is not one of Jude Deveraux's best works. Ranulf de Warbrooke is an arrogant character who is mean and thoughtless. Lyonene is also a thoughtless character who runs in circles in the story. She is not a believable character. The supporting characters in the story are more cunning and witty than the two leading characters. I love Jude Deveraux books. The setting and atmosphere is perfect in The Black Lyon but the lead characters are lacking.

### **The Black Lyon Montgomery Taggart 1 by Jude Deveraux**

I have no idea if it was written first, but the Black Lyon is the prequel to Jude Deveraux's Montgomery series- in fact, it's the tale of the origin of the clan. Written in a medieval setting, I'm guessing 1200's because we're talking vassals of English King Edward the 1st.

### **The Black Lyon by Jude Deveraux All About Romance**

The Black Lyon is a joy from start to finish. I especially loved the secondary characters Berengaria, the friend Lyonene made at court; her younger brother Brett who is sent to foster at Ranulf's castle; Dacre, Ranulf's friend and comrade and especially Ranulf's seven knights, his Black Guard. I loved how Jude Deveraux gave each of them his own unique personality. I love this book so much I am now on my second copy because I read the first one so much the spine split.
