The Black Swan The Impact of the Highly Improbable by

A black swan is a highly improbable event with three principal characteristics: It is unpredictable; it carries a massive impact; and, after the fact, we concoct an explanation that makes it appear less random, and more predictable, than it was. The astonishing success of Google was a black swan; so was 9/11.

The Black Swan The Impact of the Highly Improbable

This book is all about Black Swans: the random events that underlie our lives, from bestsellers to world disasters. Their impact is huge; they're impossible to predict; yet after they happen we always try to rationalize them. A rallying cry to ignore the 'experts', "The Black Swan" shows us how to stop trying to predict everything - and take advantage of uncertainty.
