## RELATED BOOK :

### **Blink The Power of Thinking Without Thinking Wikipedia**

Blink: The Power of Thinking Without Thinking is Malcolm Gladwell's second book. It presents in popular science format research from psychology and behavioral economics on the adaptive unconscious: mental processes that work rapidly and automatically from relatively little information. It considers both the strengths of the adaptive unconscious, for example in expert judgment, and its pitfalls, such as stereotypes.

### **Blink The Power of Thinking Without Thinking by Malcolm**

Blink is an interesting read. The book is about making decisions in the blink of an eye, to be precise. The author says that decisions which are made instantly are far more fruitful than those made with long drawn research and logical thinking. He cites many examples which are also interesting to read.
