The Book of Story Beginnings by Kristin Kladstrup

The Book of Story Beginnings by Kristin Kladstrup was an amazing book. There were so many twists and turns that made me want to keep reading. There were parts of the book that you thought you knew what was going to happen, but then that didn't happen and something else happened that made you want to keep reading. At the end of each chapter they left you hanging and that makes you think why would they do that. It's just an amazing book that I couldn't put down.

The Book of Story Beginnings Kristin Kladstrup

The Book of Story Beginnings Our school librarian introduced me to this book. It is a must read! I borrowed it last year and bought my own copy this year. As a teacher, the title says it all. I read this to jump start my writing program in fifth grade. The unlikely adventure has many twists and turns to keep readers and/or listeners engaged. "Keep reading!" is what I always hear when I stop for the day.

I do notice my tendency to start each book with dialogue, whether the style is sarcastic, foreboding, or bleak etc. Most often, the dialogue is pushed behind a beginning paragraph during edits, changing the feel of the opening.
