The Bronze Horseman by Paullina Simons Goodreads

The Bronze Horseman is one of my all-time favorites! I decided to re-read it, for probably the hundredth time, and it still moves me just as much as it did the first time. The story of Alexander and Tatiana is so beautifully told and gripping that I can never put it down once I start.

Amazon de Kundenrezensionen The Bronze Horseman

Now the Bronze Horseman! The story is about a young women in Leningrad 1941, Tatiana. The town was under blockade, bombed every day, no food, no heat, very cold winter. But there is Alexander, her first and only love. It is a very beautiful lovestory and so written that you don't can put the book down. You wish that she will survive this ugly winter in the war, that he will not die and that they will come finally together.

Book Review The Bronze Horseman by Paullina Simons

The Bronze Horseman (The Bronze Horseman Trilogy) I don t have much experience with historical romance novels. In fact, I tend to bypass them, and in all honesty, I don t even know WHY I usually choose to skip them for something contemporary. It s not that I haven t enjoyed those that I ve already read. As I think back to them, I ve loved them all. Books about Highlanders, some from the Victorian era, and then some, errrrr okay. Mostly Highlanders.

So I started hearing about The Bronze Horseman trilogy everywhere awhile back and decided I wanted to read it because it was a book being hyped by readers not by publishers.
