"The Strange Case of Origami Yoda" is a wonderful book for children between the ages of 8 and 14. While there are multiple Star Wars references, the topic is really about a group of middle school aged kids and navigating this awkward stage of life. The book is quite sweet and funny and I would recommend this to interested readers.

The Strange Case of Origami Yoda Book Review ThoughtCo

The Strange Case of Origami Yoda is a very clever and amusing story based on a unique premise. Sixth grader Dwight, whom the other kids consider to be a clueless screwup, makes an origami Yoda figure that seems much wiser than Dwight is. Dwight wears the origami figure on his finger and when the other middle school kids have problems and ask Origami Yoda what to do, he always seems to respond with clever, though garbled, answers that solve their problems.
