### **The Cheat by Amy Goldman Koss Goodreads Share book**

I found on our bookshelf, The Cheat by Amy Goldman Koss and thought I might want to read it. It must have been one of my children's books from years ago when they were in school. The story is about several Jr. High school students who cheat on a geography midterm exam and get caught. The book's narrative is from each of the student's point of view. The premise of the book focuses on honesty and integrity. This is not a bad little book.

This book is on my district's list of recommended books for struggling readers. I found it on MackinVIA and decided to give it a try. It's a really quick read.
