### **The Chessmen Lewis Trilogy 3 by Peter May**

The Chessmen has much of what made the first two books of this series worth reading. The wildly beautiful setting and the atmospheric overtones that accompany each scene keep it from being less than three stars, but I'm sad to report that it fell short in most other ways. It surprises me how much I dislike this book in comparison to its predecessors.

I was going to give this book 2-3 stars, until I read the last 25%, in which it improved quite a bit. Sadly I found the rest of the book a bit boring, and I didn't like the way it kept jumping to and from different stages of the past.
