Star Wars: The Clone Wars Adventures of two new friends In this book, Star Wars: The Clone Wars by Grosset and Dundrop , follows the Sci-fi story of Anakin Skywalker and his 501st legion. I like this book because it focuses on all the characters and is not always focusing on the war.

Star Wars The Clone Wars novel Wikipedia

The book was released before the movie, Star Wars: The Clone Wars, was released. Because of this, there are some differences between the movie and the book. The one that is noticed is during the Battle of Teth. In the movie, after the clones are defeated and Asajj Ventress and her droids and closing in on the surviving clones, there are six troopers instead of five like in the movie.
