The Best Translation of St Augustine's Confessions

Additionally, this translation is readable without being simplistic, something that I think is good for the reader. Syntax and grammar of the translation are not convoluted, but neither is the translation done in such a way as to lose the (oftentimes) complex ways in which St. Augustine writes. Food for thought.

Confessions Augustine Wikipedia

With the words "I wish to act in truth, making my confession both in my heart before you and in this book before

the many who will read it" in Book X Chapter 1, Augustine both confesses his sins and glorifies God through humility in His grace, the two meanings that define "confessions," in order to reconcile his imperfections not only to his critics but also to God.
