### **The Connected Educator All About Connectedness Edutopia**

Too often, connected educators are the worst advocates for becoming a connected educator. They tend to overwhelm the uninitiated with a huge list of collaborative accomplishments and a plethora of technological jargon. While their excitement at the discovery of a connected mindset drives their enthusiasm, the unconnected educators in their audience simply view it as complicated, time-consuming, extra stuff to add to an already overloaded agenda.

### **The Connected Educator Learning and Leading in a Digital**

Are you relevant to your students? The Connected Educator examines and explores the ways educators can use their surrounding landscapes--including the landscape of technology and social media--to re-envision what happens inside schools and classrooms.

### **Edutopia The Connected Educator It Begins with**

The connected educator is a model for all educators as we move forward. A connected educator is as much a learner as a teacher. A connected educator is digitally literate, adapting as needed to inevitable changes. A connected educator is relevant in a world where rapid change is already a constant for our students.
