The Decision Book Fifty Models for Strategic Thinking by

Accompanying graphics illustrate each of the models. While a book that summarizes 50 strategies does not cover any one of them in depth, and much of the content is simple synopses of other people's models, getAbstract endorses this fun, informative little book about conceptualizing and decision making.

The Decision Book Fifty Models for Strategic Thinking

With 60% of the models geared towards looking internally at personal development and decision making, and the other 40% on how you work with others, it's really a book about YOU. In the title, the association with decision making and strategic thinking is the real essence of the book. Don't think about this book in terms of business models such as Ansoff Matrix, or PEST, or Porters 5 Forces etc.
