The Disney Book by Jim Fanning Goodreads

This book is a work of art, that tells Disney's history in a fun and beautiful way, highlighting the most important events and bringing awesome facts about Disney that almost nobody is aware of. As a Disney lover since birth (quite literally), it was magical for me to see how things evolved and work at a Disney production and how they revolutioned the industry of animation.

I'm a huge Disney fan, so I admit I have some bias, but I really enjoyed this book. The photographs and illustrations are beautiful. This book provides information in brief summaries, not in depth, so if that is what you are seeking, this book is not for you.
