### **The Distant Echo Amazon de Val McDermid Val MacDermid**

The Distant Echo may even be more intense than A Place Of Execution by the same author which I also highly recommend. It definitely moves faster and has the reader hanging on to every word while at the same time dreading what may be revealed. It's one of the best books I read this year and I highly recommend it to fans of psychological thrillers.

### **The Distant Echo Mcdermid Val Amazon de Val McDermid**

Val McDermid manages to make you feel with and worry for the main characters while at the same time wondering if it wasn't one of them after all who killed Rosie Duff on that cold December night. I especially enjoyed the portrayal of the friendship of the four students and how it changed over the years as well as how their lives were influenced by that fatal night.
