### **The End of Men And the Rise of Women by Hanna Rosin**

As many other comments have already noted, this book is short-sighted. The first problem is that Rosin is really relying on antiquated gender binaries to define the roles of heterosexual men and heterosexual women.

**The End of Men And the Rise of Women Hanna Rosin**

The End of Men boils down to a handful of really significant statistics. Young women hold a 3 to 2 advantage in bachelor's degrees, are outearning men in their twenties, and are beginning to crowd men out of nearly all the major professions.

**The End Of Men And The Rise Of Women Amazon co uk**

The title of this book is misleading. The author in no way proves her thesis that the end of men is anywhere near. She does show that some men have difficulty adapting to the 21st century.
