The Fixer Upper follows the story of out of work chef, turned reality tv host and a contestant. Margaret is impossibly uptight and has everything in life in order. She only goes on the show so her mother stops setting her up with people. By all accounts, they were opposites.

### **The Fixer Upper by Mary Kay Andrews goodreads com**

I finally picked up the novel Fixer Upper. The book intrigued me since my husband and I are in the process of buying a house. This book has it all- political scandals, cover-ups, a love story, and my favorite part - a depiction of the south that is not stereotypical, but is honest and endearing.
